

## Exclusive Sleepover Package

# A Night with the Dinosaurs

Join us if you dare for a night of roaming with the Dinosaurs!

Explore the Museum and come face to face with dinosaurs after dark before taking part in our range of interactive workshops.

## Workshops

### Torch-Lit Scavenger Hunt

Explore our 'Age of the Dinosaurs' exhibition as darkness descends. With only torchlight to guide them, children will be tasked with finding clues hidden across the Museum.

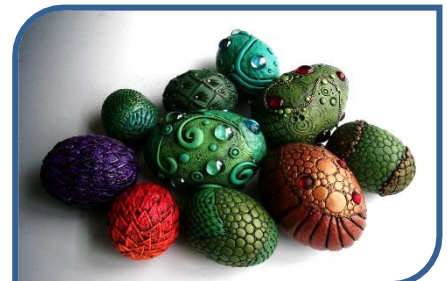

Working in teams, children will then complete a range of dinosaur themed team games.

### Fossil Handling

In this interactive workshop, children will perform a mini fossil dig before handling a range of real fossils from the Museum's collection.

Using their detective skills, children will try and identify each of these fossils before exploring what they can tell us about prehistoric life.

### Dinosaur Crafts

Using a range of materials, children will get the opportunity to design and create a variety of dinosaur themed crafts such as:

- Dinosaur eggs.
- Replica fossils and dinosaur bones.
- A 3D clay dinosaur.

**These activities are adjustable for older Scouting and Girlguiding groups (Scouts and Guides).**

**Any of the sessions outlined can be adapted or changed to suit your group's needs. For more information, please contact the Education Officer.**
